

Appendix

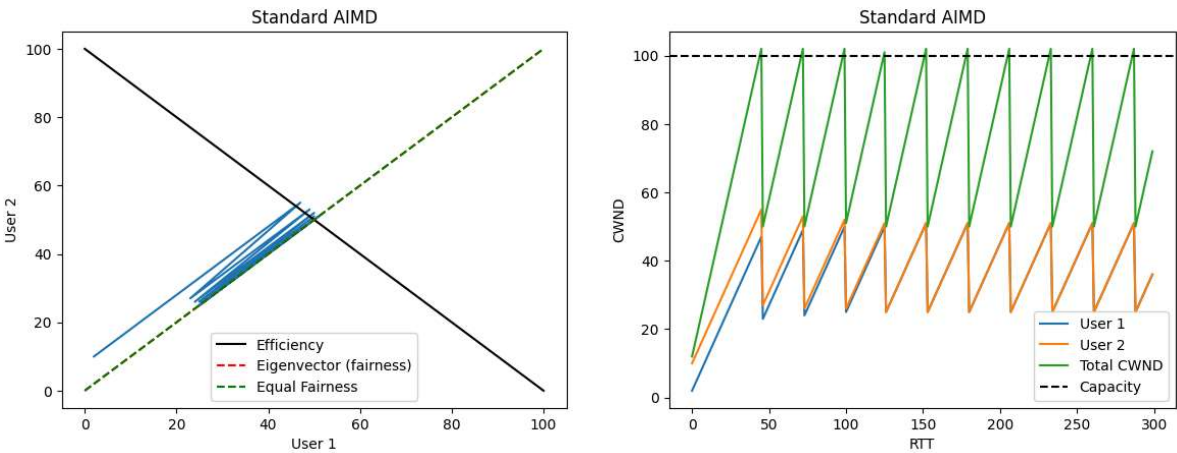

Figure 1: Results of standard AIMD

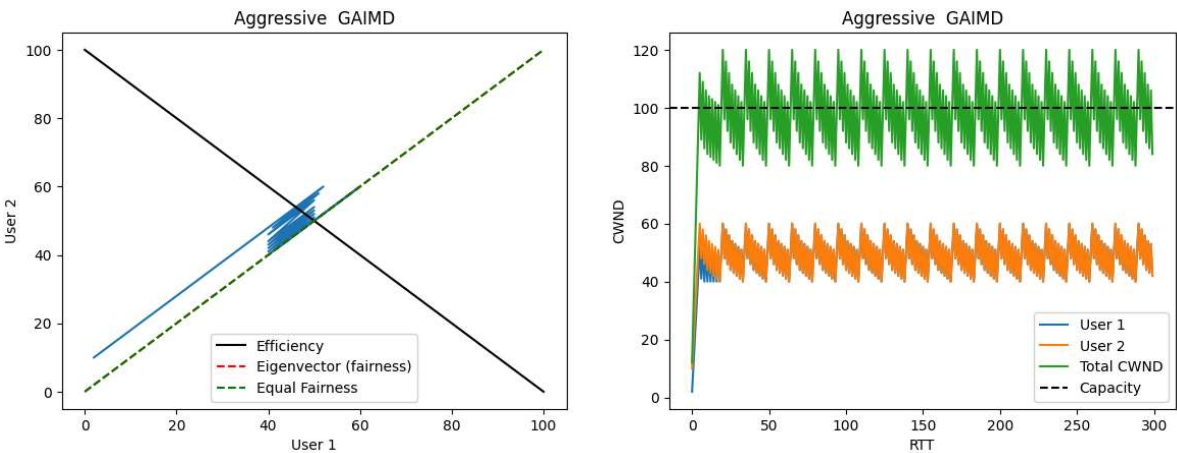

Figure 2: Results of Aggressive GAIMD

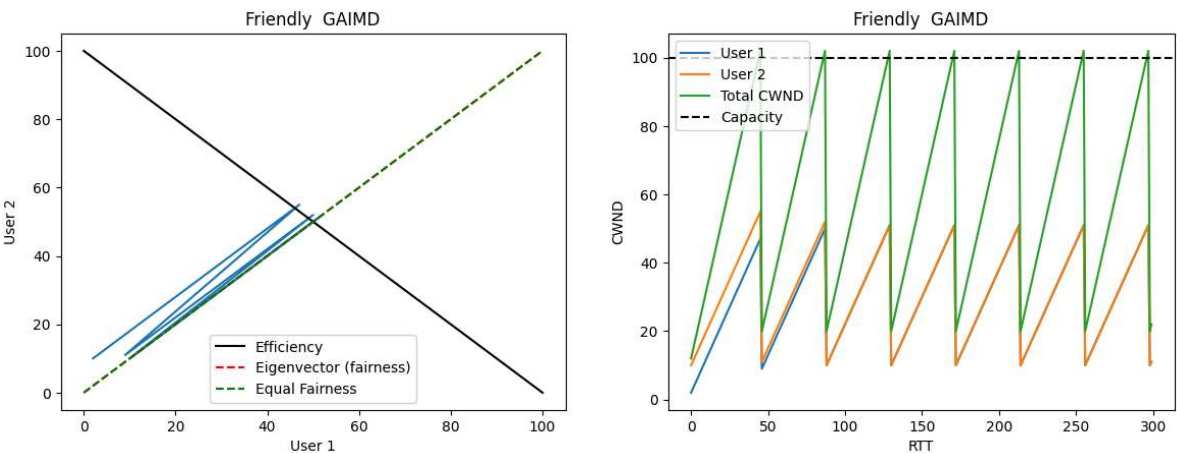

Figure 3: Results of Friendly GAIMD

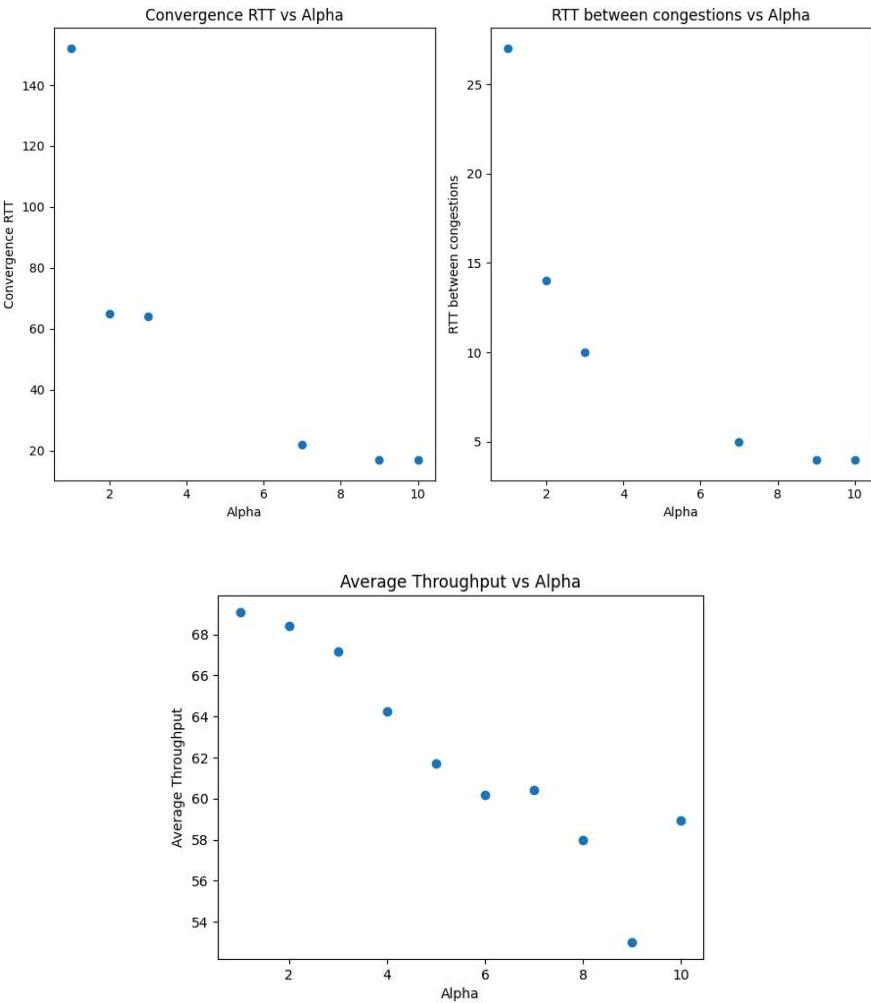

Figure 4: Results of varying alpha with constant beta = 0.5

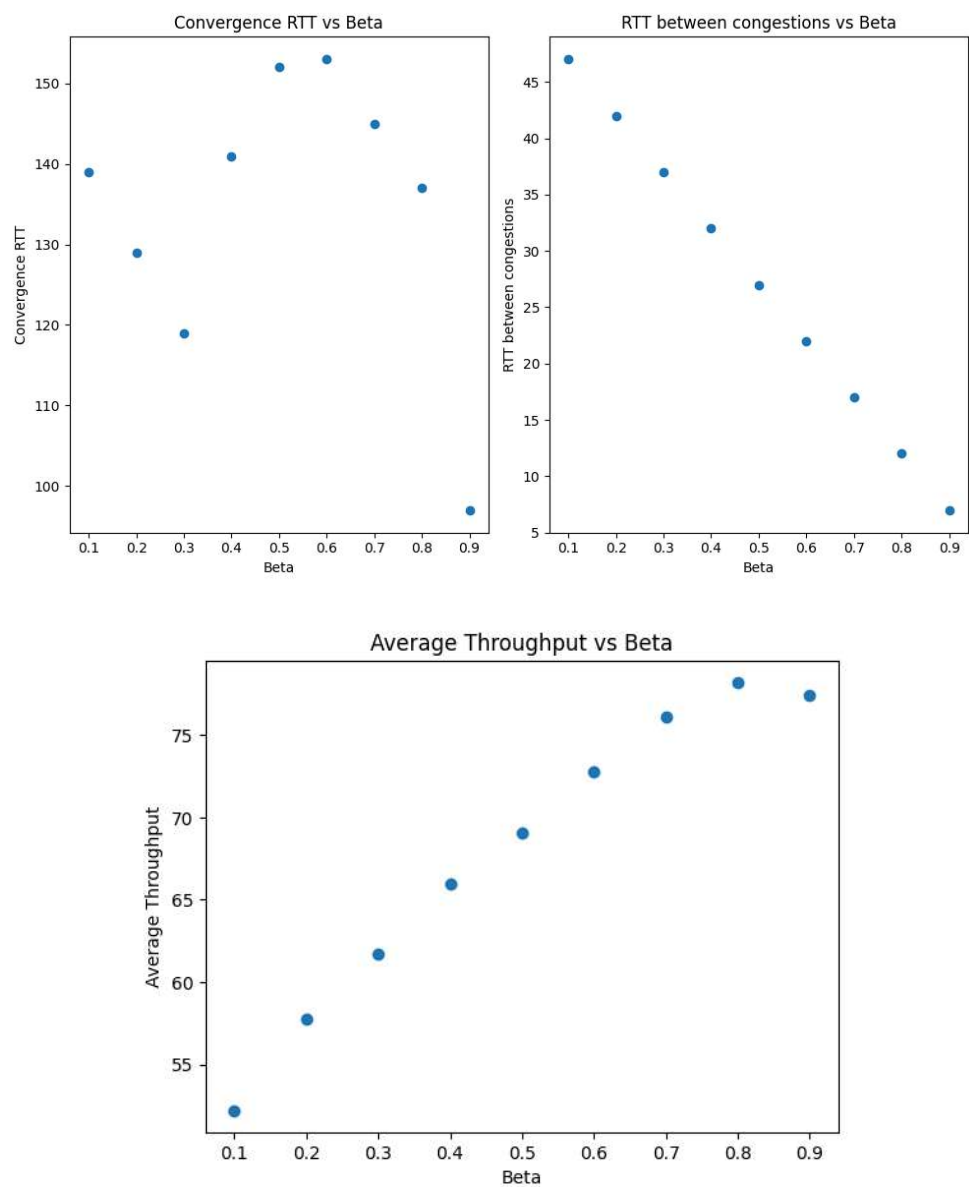

Figure 5: Results of varying beta with constant alpha = 1

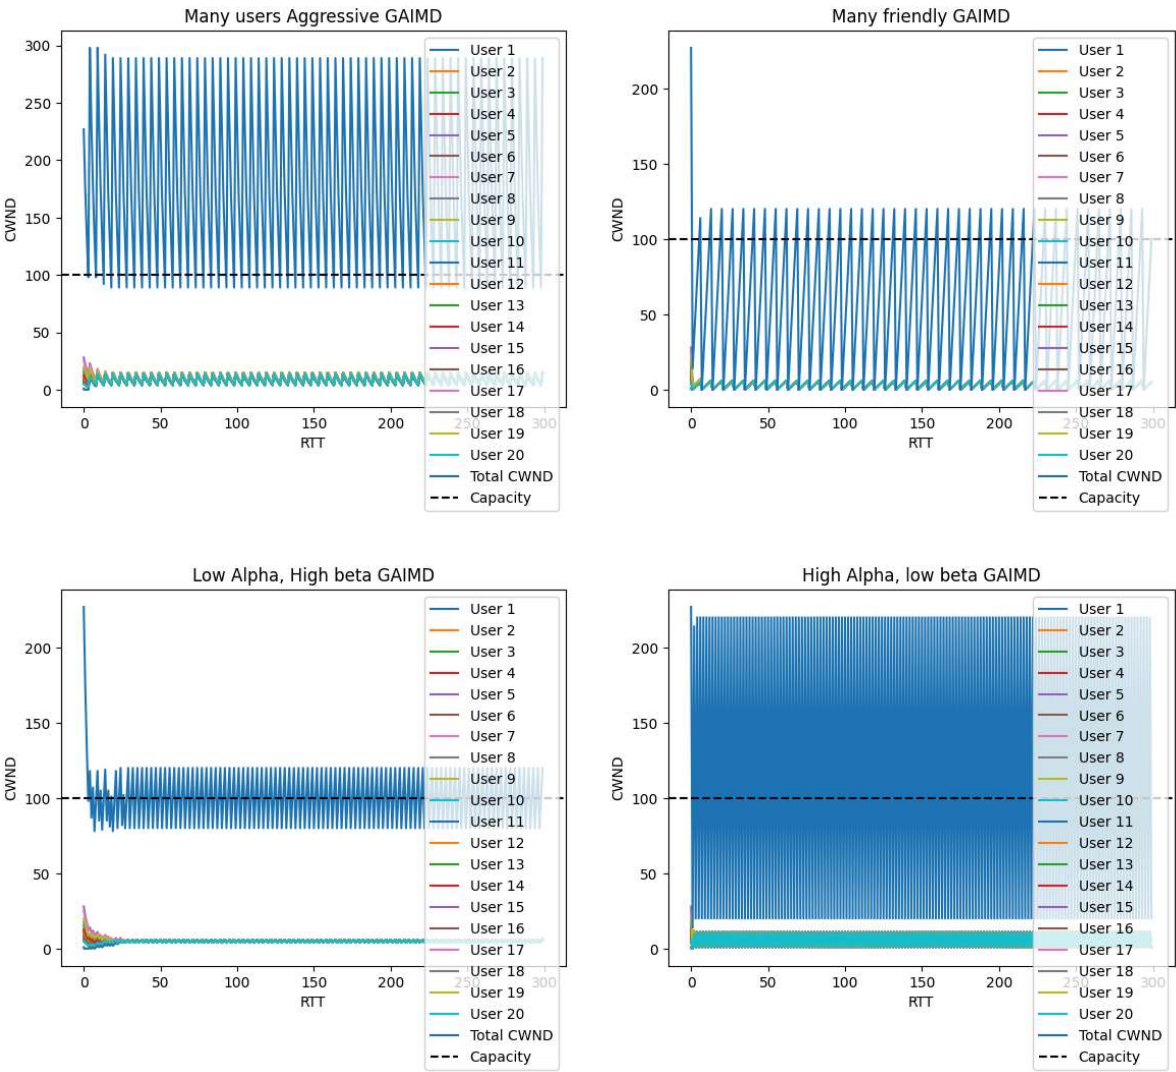

Figure 6: Many users experiment results

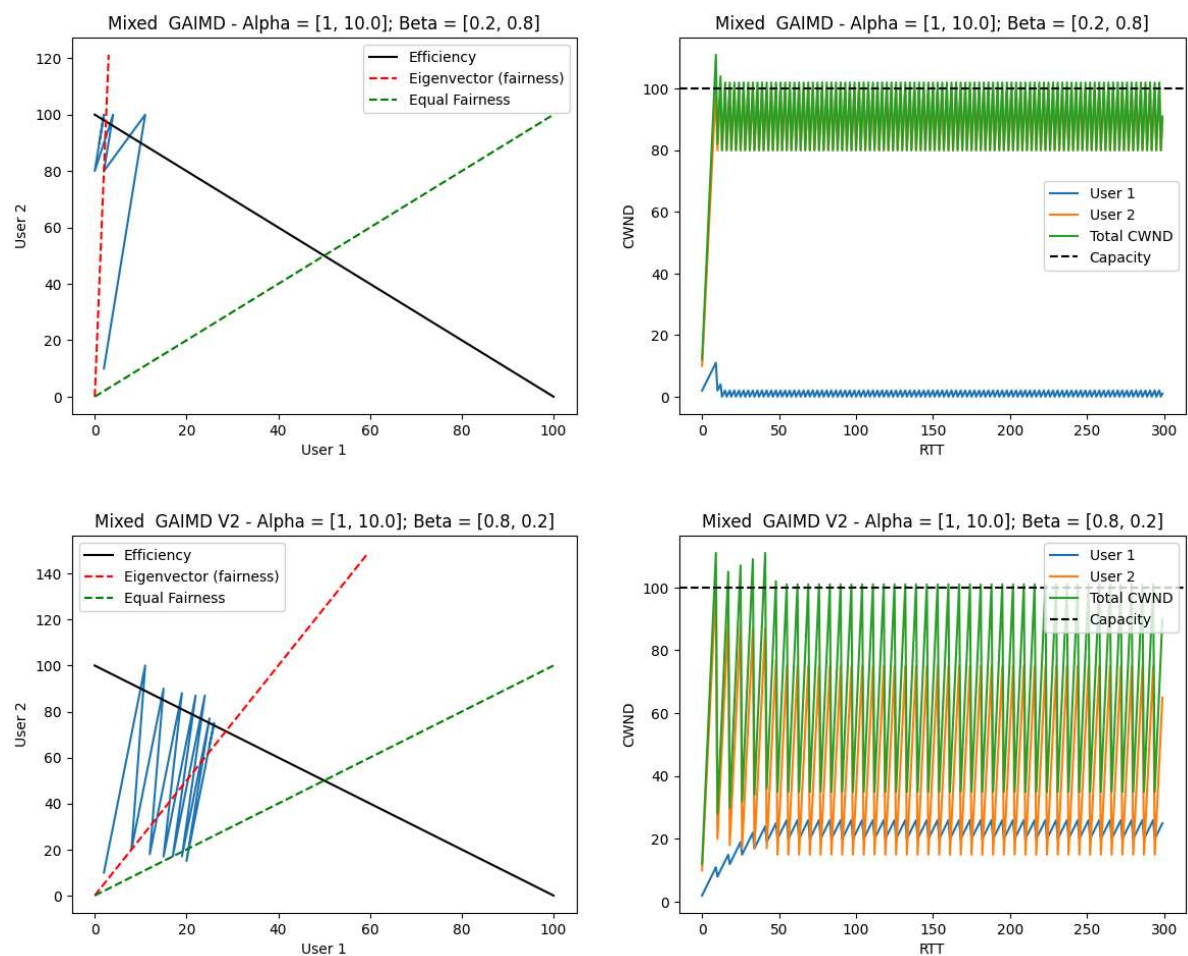

Figure 7: Mixed priority users results

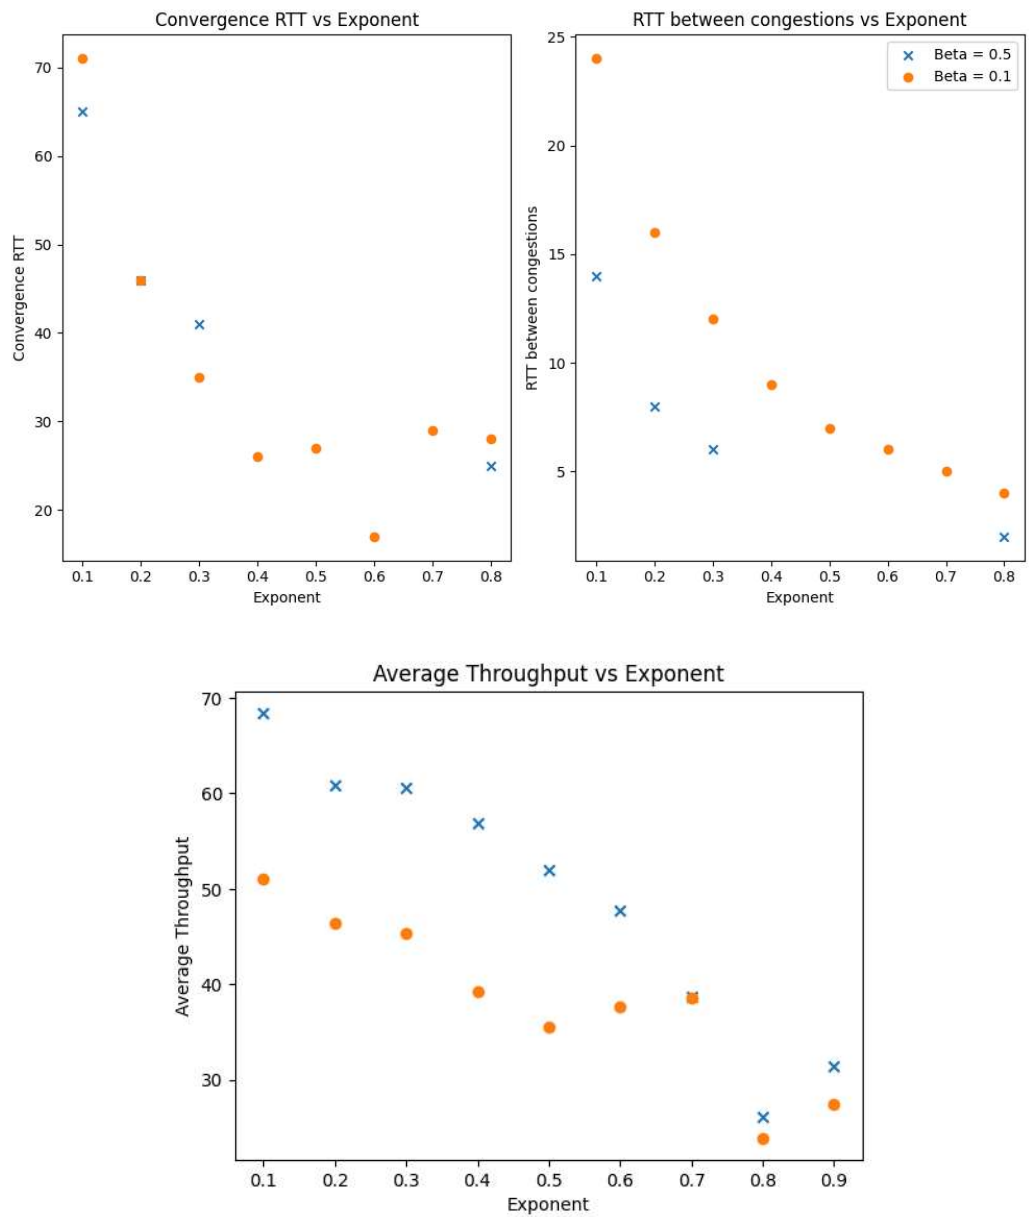

Figure 8: Results of varying exponent value with $\alpha=2$, $\beta=0.5$ and 0.1

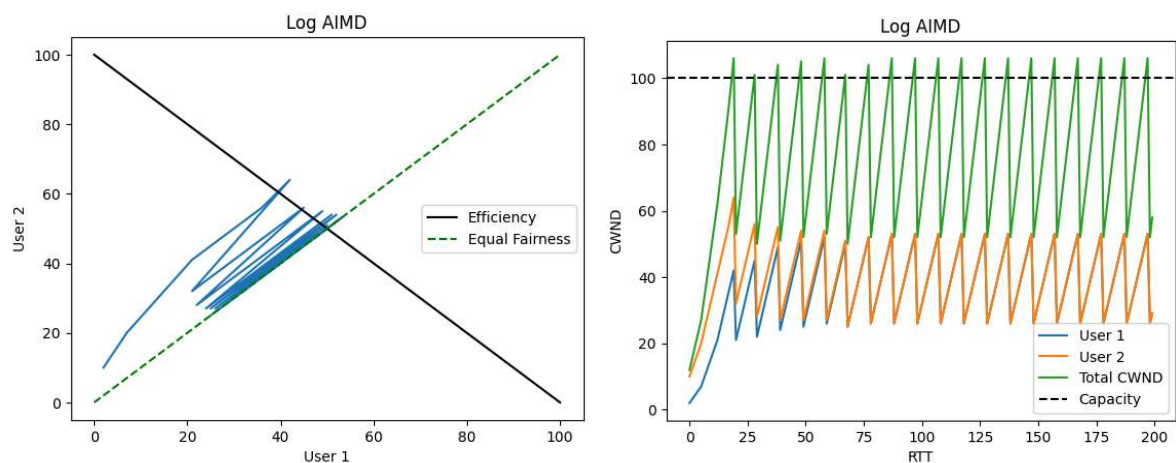

Figure 9: Results of users with same parameters using logarithmic AIMD

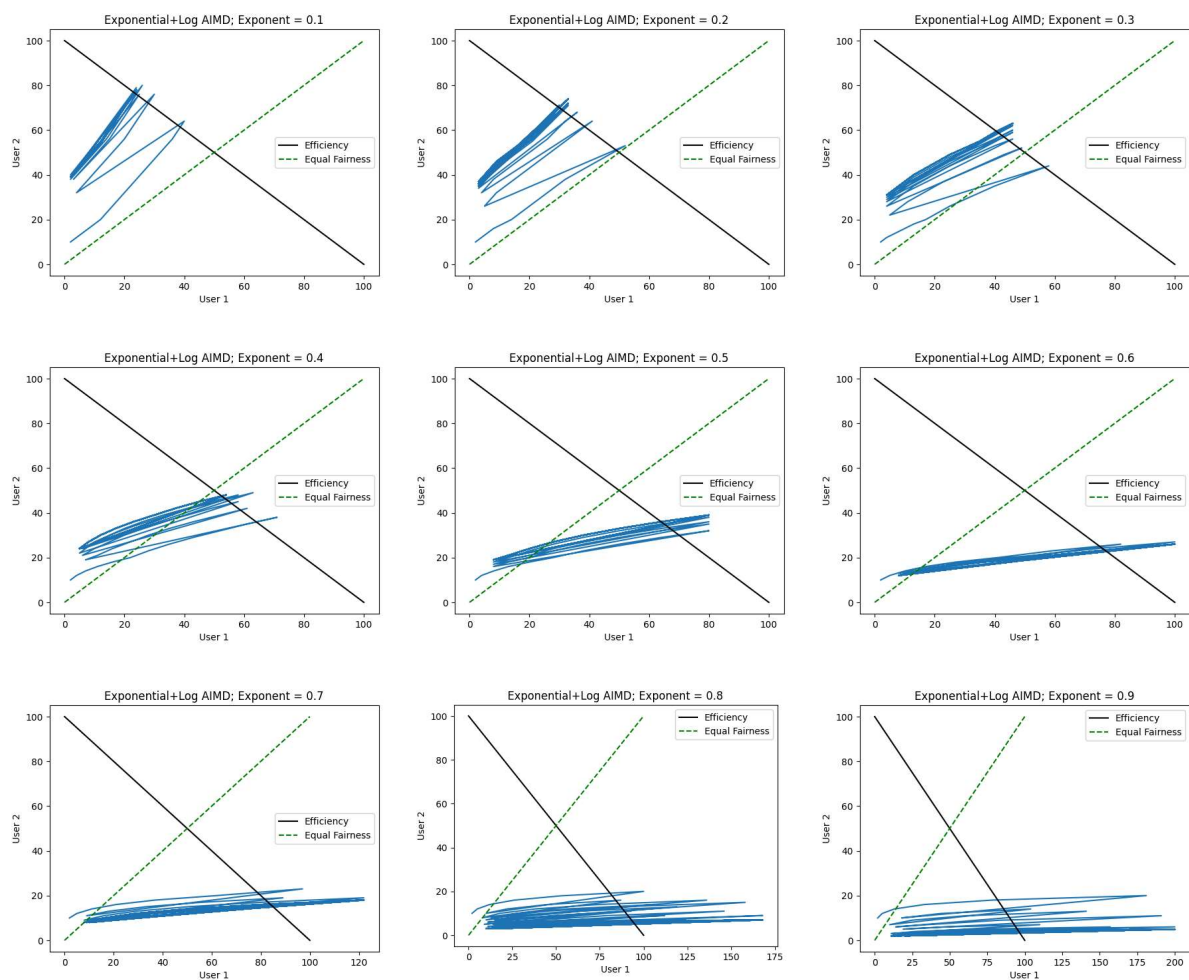

Figure 10: Results of network's users' performance for Exponential + Logarithmic AIMD

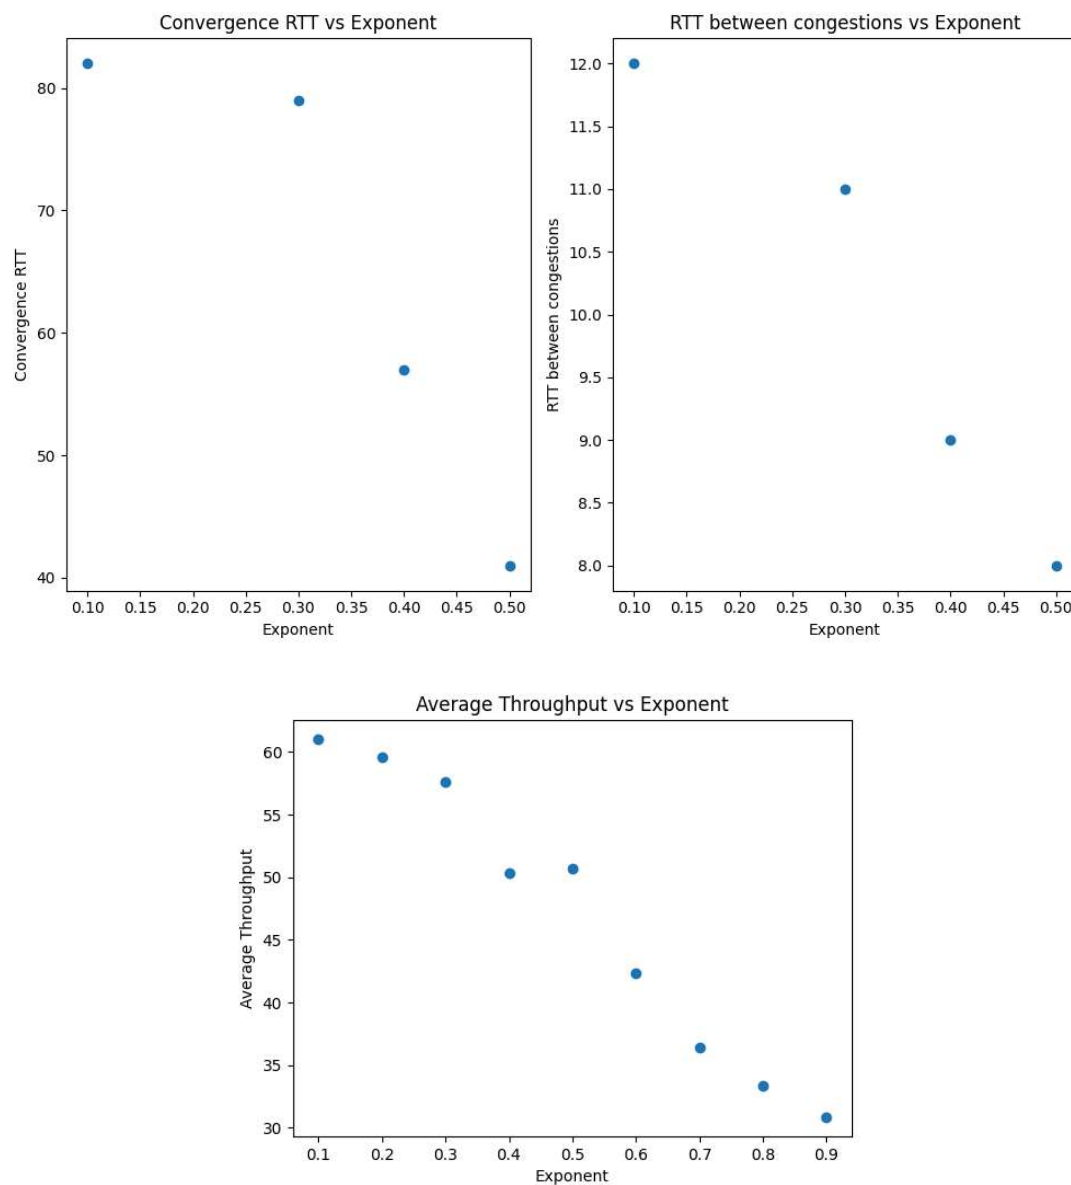

Figure11: Results of network performance for Exponential + Logarithmic AIMD
